sense and simplicity

Food processor
1000 W Compact 2 in 1 setup 3.4 L bowl

RI7778/00

Highlights

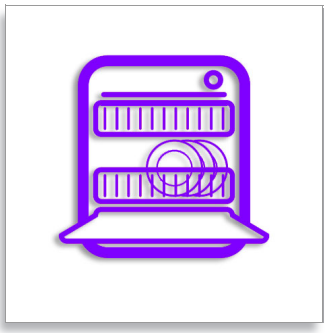
6 glass centrifugal juicer

This food processor includes a professional juicing accessory. Thanks to its extra large feeding tube and patented large metal mesh filter, it can juice up to 200% faster compared with other food processor juicers. The patented micromesh filter made of stainless steel squeezes every drop to give you more juice. And thanks to its ergonomic design, it is quicker to clean and store.

Double metal balloon beater

The double metal balloon beater together with the one touch auto button creates fluffy egg whites (up to 600% volume increase) and perfectly whipped cream (up to 200% volume increase). Creating delicious desserts has never been easier!

Dishwasher safe accessories



All Philips Food Processor accessories included in your box are dishwasher safe.

3.4 L bowl and 1.5 L blender

The XL bowl allows for maximum volumes to be processed in one go, for example up to 7 portions of soup, 7 egg whites, 1.7 kgs of dough. In addition, the 1.5 L blender easily creates up to 5 smoothie portions in one go.

Chrome plated dial

For best performance, adjust the chrome plated dial to the corresponding speed marked on the accessory. The Pulse mode provides further control for quick blending or chopping.

Innovative metal kneading hook

Together with the strong motor, this metal kneading hook quickly forms a dough ball from your ingredients. Once the dough is formed, the innovative kneading hook works the dough with the right force and power to enable you to make the tastiest bread.

XL+ feeding tube

This XL+ feeding tube takes whole items of fruits and vegetables so you don't need to pre-cut them any more.
